

# INTERCOLLEGIATE BROADCASTING SYSTEM

20 April 1960

The 1960 Nominating Committee wishes to submit the following slate and information about the candidates for consideration by the IBS Governing Council and other applicable stations, pursuant to paragraph of the By-Laws.

The committee wishes to point out that it interprets paragraphs 6 and 12 of the By-Laws as overriding, that only the seven members of the Board are to be elected, and that the Department Heads are to be appointed subsequently by the Board. The committee interprets paragraph 33, being in conflict with paragraphs 6 and 12 and with the spirit of the revision of By-Laws voted on in the 1959 election, as being invalid on this particular point.

Under normal conditions, the annual meeting of the Governing Council, required by paragraph 6, would be held this year on 1 May 1960. However, IBS President David W. Borst informs us that insufficient funds are available this year to defray travel expenses of the Regional Directors. Also, 1 May is rather close to final exams for many students. Finally, since a National Meeting is to be held this year on 30 April, just one day before the proposed Governing Council meeting date, it appears preferable to conduct the business of the annual Governing Council meeting by mail, as provided for in paragraph 11 of the By-Laws.

Therefore, the Regional Directors, constituting the duly authorized members of the Governing Council, together with all member stations in regions not presently represented by Regional Directors, are requested to return the enclosed ballot by 10 May 1960, in conformance with the twenty day response period provided by para. 11 of the By-Laws.

Respectfully submitted,  
1960 Nominating Committee,  
Charles E. Quigley, Chairman

Under normal conditions at the annual meeting of the governing  
council, required by paragraph 6, would be held this year on May 1960.  
However, 1959 President David L. Jones informs us that insufficient  
funds are available this year to carry travel expenses of the regional  
directors. Also, it may be that there is financial strain for many of the  
regional units. A regional meeting is being held on May 1960.  
Just one day before the proposed governing council meeting date, it  
seems probable to conduct the business of the annual governing  
council meeting by mail, as provided for in paragraph 11 of the by-laws.  
Therefore, the regional directors, constituting the duly elected  
members of the governing council, together with all member stations in  
regions not presently represented by regional directors, are requested  
to return the enclosed ballot or ballot 1960 in accordance with the  
agency or response form provided in paragraph 11 of the by-laws.

Respectfully,  
Your faithfully,
